**Children's Medical Fund of New York, David Gottschalk, President Wealth T Management,  
and Foundation Director KIDSOVERCANCER  
Donate iPad's to Cohen Children's Medical Center**

David Gottschalk, President Wealth T Management, and Foundation Director KIDSOVERCANCER, partnered with CMF to provide iPad's to the young patients in Cohen Children's Medical Center located in New Hyde Park, NY.

Knowing the hospital's request for CMF to provide the children with iPad's, David, through his charitable brainchild KIDSOVERCANCER, generously donated two iPad's. The iPad's are not only used for entertainment they are a crucial aide to hospital staff in procedure rooms. The iPad's provide a tool for explaining procedures which lessens the stress to the child and their families.

Children's Medical Fund of NY would like to express its great appreciation to David for his long time commitment to CMF and the critically ill children in the hospital. We also would like to thank KIDSOVERCANCER Foundation for their generosity.

If you are interested in making a donation of an iPad please contact Wendy Talerman, [wtalerman@cmfny.org](mailto:wtalerman@cmfny.org) or 516-352-3344.
