

Savanna Silver Hosts “Music is Medicine” to Benefit CMF Saturday October 7, 2017

Children’s Medical Fund of New York would like to extend our most sincere thanks to High School Junior, Savanna Silver and her friends Michelle Tawfik and Brandon Lee for organizing and hosting “Music is Medicine” a concert to benefit CMF at the VFW Hall in Albertson on October 7th! The night was an outstanding success with high school students from Bach to Rock, Manhattan School of Music, Juilliard and more performing for a great cause! Savanna and her friends worked tirelessly planning the event and collecting raffles!

We are so grateful to Savanna and all the talented students who performed! We appreciate your dedication to helping the children in need at CCMC! A great night was had by all!
