

Garden City High School Student Launches "New Socks for Tots Drive"

Christopher Koester, a junior at GCHS, created and launched a new campaign called *New Socks for Tots* through the Lutheran Church of the Resurrection and *Children's Medical Fund of NY*. Members of the church and the community were invited to donate new socks which were given to the pediatric patients at Cohen Children's Medical Center of NY. *"Some of the patients are too sick to even play with toys while they are in the hospital, but a new fun pair of socks can put a smile on every child's face," says Chris.*

Christopher collected over 1,200 pairs of socks for the young patients and should be very proud of his thoughtful, creative and amazing way to help the kids!
